APPENDIX B  
7 June 1963

DIRECTOR OF CENTRAL INTELLIGENCE DIRECTIVE 1/3

QUARTERLY SUPPLEMENT

\_\_\_\_ June 1963

FOREWORD

1. DCID 1/3, revised annually, is intended to serve as a stable basis for long-term intelligence planning by identifying critical intelligence problems deemed likely to persist over a period of five years or so. Such guidance must necessarily be expressed in relatively broad terms.
2. The purpose of this Quarterly Supplement is to provide more current and specific guidance within the context of DCID 1/3, by calling attention to situations which, within the next six months or so, may require some adjustment of present intelligence attention and coverage. The Supplement is intended to guide short-term intelligence planning by anticipating changes in specific situations which may justify some reduction in coverage as well as those which may warrant some augmentation of effort.
3. It is not the function of this Supplement to present a complete listing of all matters of intelligence interest. It is intended to be confined to anticipated changes which may affect short-term intelligence

planning. Like DCID 1/3 itself, the Supplement presupposes that the bulk of the intelligence required for the formulation and execution of national security policy will be product of normal coverage pursuant to DCID 1/2.

4. This Supplement will be superseded by another in September 1963.
